CONFERENCE OVERVIEW

Governance is no longer just about compliance. It is about building resilient organisations ready for the future.

As Malaysia’s corporate governance landscape evolves, this conference brings together Board members, C-suite executives, regulators and industry leaders to explore emerging regulatory developments, AI governance and organisational resilience.

Gain strategic insights to strengthen leadership, navigate emerging risks and drive sustainable long-term value.

CONFERENCE THEME

01
Governance
Understanding the evolving governance landscape and what it means for Boards and senior management.

02
Transformative AI Governance
Exploring the Board's evolving role in overseeing AI and emerging technologies while balancing innovation, accountability, risk management and responsible decision-making.

03
Organisational Resilience
Understanding how Boards and C-suite leaders can work together to anticipate emerging risks and respond effectively to disruption.

04
Lessons from Corporate Pitfalls
Learning from past corporate challenges to understand what went wrong, strengthen governance and oversight, and shape better priorities for the future.

WHO SHOULD ATTEND

The conference is designed for senior decision-makers and governance professionals, including:

- Board Chairpersons and Directors
- CEOs, C-suite Executives and Senior Management
- Company Secretaries and Governance Professionals
- Regulators and Policymakers
- Institutional Investors and Financial Institutions
- Sustainability, Risk and Compliance Leaders

A platform for meaningful dialogue, practical insights and stronger corporate governance to build resilient organisations.
